

ZS1020-0010 | IP-Link-Connector

With the ZS1020-0010 IP-Link connector it is possible to connect the Z1101 or the Z1103 POF IP-Link-wire at the fieldbus boxes. Installation on the POF cable is done by screw connection, installation on the FieldBus Box by snap technology. The usage of the grinding gauge ZS5400-0001 is recommended.

Technical data	ZS1020-0010
Material	PA6
Length	35 mm
Projection in connected state	25 mm
Bore	11 mm
Installation	Snap-on mounting
