

The PCB footprint provided to you free of charge have been drawn to the best of our knowledge. Nevertheless Beckhoff makes no claim the PCB footprint to be complete. You are obliged to test the correctness of the PCB footprint before commercial use. Please inform us about bugs detected. Beckhoff does not warrant that the electronically published PCB footprint do correspond to the component delivered. Beckhoff's liability shall be limited to willful or grossly negligent caused damages as well as for fraudulent concealment of a fault. In all other cases the liability for direct as well as indirect damages is excluded. Beckhoff shall not be liable for failure of economic success by using the PCB footprint.

				Item Number					
				EK1110-0044					
				Recommended Socket					
				Samtec SSQ-112-21-L-D-K-TR					
				For more information about this part, visit www.samtec.com					
01	Pinout Position Update	01	26.10.2020	Toleration		ISO 8015			
				General tolerances		ISO 2768 - fH			
00	Introduced	00	16.01.2020	Edges		DIN EN ISO 13715			
				Indication of surface		DIN EN ISO 1302			
Index	Description of Change	Revision number	Date	Tolerances of form, orientation, location, run out		DIN EN ISO 1101
