Material Safety Data Sheet (MSDS)

Thank you for your inquiry regarding Safety Data Sheets (SDS).

The requirement for SDS refers to Article 31 of the REACH Regulation (1907/2006/EU). According to article 31 of REACH, the obligation and necessity to provide safety data sheets exists only for manufacturers or distributors of hazardous substances or mixtures in accordance with CLP Regulations (EC) 1272/2008.

Our products are articles within the meaning of the REACH Regulation. Therefore, in compliance with REACH, SDS are not applicable for our products. Excluded from this are our batteries for which SDS are available upon request via Gefahrqut@beckhoff.com.

As defined in Article 33 of REACH, we have the duty to provide information about substances of very high concern (SVHCs) if these are contained above 0.1% (w/w) in our products. Information on SVHCs, applicable RoHS exemptions and SCIP submission numbers can be found in the list "*SVHC, SCIP and applicable RoHS exemptions for Beckhoff Automation Products*" published on our [website](#).

Best regards

Dr. Hatice Söyler
